Date.....

MEMORANDUM FOR .....

SUBJECT: Welcome Letter

1. I am happy to know that you will be joining the 926<sup>th</sup> Medical Detachment (Preventive Medicine) and I would like to take this opportunity to extend you a warm welcome to the unit. We look forward to your arrival and hope that you have taken time to relax and prepare for the exciting, yet challenging assignment you are about to undertake.
2. The 926th Medical Detachment was constituted and activated in 1945. The unit consists of 13 soldiers and in Garrison is a subordinate unit of the 14th Task Force, however when called upon the unit deploys independent of the 14<sup>th</sup> CSH. We have a proud lineage of preventive medicine service excellence that originated with the unit's operations during World War II. The unit is routinely called upon to deploy in service of our fighting forces and has deployed in support of Defense of Saudi Arabia, the Liberation and Defense of Kuwait, and in support of KFOR (Kosovo Force). Most recently, the detachment completed a one year deployment to Iraq in support of Operation Iraqi Freedom.
3. Please take a look at the 926<sup>th</sup> Medical Detachment brochure enclosed. You will find useful information that will help you understand the mission and responsibilities of the unit as well as the unit's expectation of you as a member of the Scorpion leadership team.
4. Your entire chain of command is ready to assist you with integrating into the 926<sup>th</sup> Medical Detachment. Please feel free to contact me at work (706) 545-6166 or the Detachment 1SG, SSG (P) Bohanon at work (706) 545-9959 or cell (706) 575-8994. You can also reach me by email at Kimberlee.short@us.army.mil. Once more, welcome to the **SCORPION FAMILY!**
